Dear Patricia

Please find below, the methodology for the Internal Audit of the Great Witchingham Parish Council accounts for the year 2018 – 19.

I have looked at each financial transaction and have cross checked each with:

- a. The Council's legal ability to make such a payment
- b. Supporting invoices or receipts
- c. Cheque book stubs and bank statement entries.
- d. The record of said transaction within the Council minutes.

Furtherly, I have checked that VAT has been correctly accounted for, I have viewed the bank statements for all the accounts.

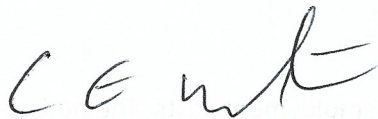

Where possible I have checked that tax and NI submissions have been made.

I have seen evidence of the Council's risk management strategy and insurance provision.

With the exception of admin costs vs budget, I have found no evidence that the Council's financial control is not being adequately managed.

I have therefore signed the Annual audit return.

Yours sincerely

Clare Morton.
